Objective & Summary

Backend Developer with 3+ years of experience in PHP and Laravel (7–12), skilled in building secure, scalable APIs and database-driven systems. Experienced in performance tuning, payment gateway integration, and third-party API integrations. Adept at delivering reliable backend solutions for high-traffic platforms, with a focus on clean code, Agile workflows, and continuous improvement. Seeking to leverage technical expertise and problem-solving skills to contribute to innovative software projects.

Experience

RSVR Technologies Pvt Ltd, Noida

Jan 2025 – Present

Software Engineer (Contract)

- Contributed to the development of an AI-powered Learning Management System using Laravel, integrating modern AI features for personalized learning.
- Built modular and maintainable backend components using MVC architecture and Laravel service providers.
- Collaborated with front-end teams to integrate RESTful APIs for a smooth user experience.

Subhx Infotech, Karnal, Haryana

May 2024 – Nov 2024

Laravel Developer (Contract)

- Engineered secure cryptocurrency platforms using Laravel with real-time market updates, KYC verification, and wallet integration.
- Developed custom APIs for seamless payment gateway connectivity and user transaction flows.
- Tuned database performance and ensured application scalability for high-traffic environments.

Techinfini Solutions Pvt Ltd, Indore

July 2022 – April 2024

Associate Software Developer

- Built backend APIs for customer relationship management (CRM) applications using Laravel and MySQL.
- Participated in Agile development cycles, ensuring on-time feature delivery and thorough testing.
- Automated repetitive tasks and optimized backend logic to improve system stability and reduce error rates.

BrancoSoft Pvt Ltd, Noida

March 2022 – June 2022

Software Developer

- Developed Laravel-based multi-vendor donation platforms with integrated dashboards and admin controls.
 - Strengthened payment security using encryption and request validation best practices.
 - Supported database architecture planning and query structuring for optimized data access.
-

Education

B. Tech - Computer Science Engineering

2024

Rajiv Gandhi Proudlyogiki Vishwavidyalaya (RGPV), Bhopal

Polytechnic Diploma - CSE

2021

Rajiv Gandhi Proudlyogiki Vishwavidyalaya (RGPV), Bhopal

Software Engineering (Professional Diploma)

2020

European Open University

Certifications

- **Certified Network Security Specialist**
International Cyber Security Institute, UK

2020

Projects

Multi-Vendor E-commerce Platform (Laravel)

Built a modular multi-vendor platform in Laravel with role-based dashboards, product and order management, and payment integration (Stripe, Razorpay, PayPal). Features include advanced search, real-time inventory management, and coupons, ensuring smooth operations for thousands of users.

CoinSpe – Cryptocurrency Investment Platform (Laravel) [Link]

Developed a secure crypto investment system with wallet management, live pricing APIs, referral system, and KYC verification. Focused on backend scalability, security, and smooth user transactions.

Zenith Debt Collection Platform (Laravel) [Link]

Engineered a backend system for Zenith Australia featuring a dynamic CMS, lead capture, admin panel, and SEO-friendly structure. Ensured secure and efficient debt collection workflows.

Modern SaaS LMS (Laravel Multitenancy)

Created a SaaS-based LMS using Laravel multitenancy. Supported tenant-specific branding, user roles, courses, video modules, Stripe payments, and progress tracking. Ideal for educational businesses and training platforms.

Skills

- **Backend Development:** PHP, Laravel (7–12), OOP, MVC Architecture, Node.js
- **Database Management:** MySQL, PostgreSQL, MSSQL, Query Optimization
- **Frontend Technologies:** HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS
- **API Development:** REST, Payment Gateway Integration (Stripe, PayPal, Razorpay, EWay, Cashfree), Social Logins, SSO, Map APIs, GDrive APIs
- **Content Management Systems:** Laravel, WordPress
- **Tools & Methodologies:** Git, GitLab, Bitbucket, Agile (Scrum, Kanban), Postman, JIRA, Asana, Trello, Linear
- **Cloud & Hosting:** AWS, cPanel, Ubuntu Server, Linux
- **Other Skills:** eCommerce Integration, Plugin Development, Web Security Best Practices, Network Security Awareness

Personal Details

- **Date of Birth:** 25/08/1999
- **Marital Status:** Unmarried
- **Nationality:** Indian
- **Gender:** Male
